A certificate of registry and a recorded transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

War time demands for quality meats are lending new emphasis to efficient production of beef. This can only be achieved through a combination of good breeding and good feeding. The world needs more good seed stock. Breed Shorthorns on your farm and help to supply an increasing demand sufficient to insure profitable production.
